

Multiplication Check Information Session for Y3 and Y4 Parents

**Thursday 18th September
3.30 pm - 4.15 pm**

Did you know there is a statutory multiplication check for children in Year 4? Would you like to know more about this?

Would you like some tips about working with your child on their times tables?

Please do come along and join Mrs Pettifer and the Year 4 team for an information session. Access will be by the school office, and we will provide colouring and cartoons for your children to enable you to attend.

See you there!
