# Welcome to our School Community

We are the original school in the town, dating back to 1895. Since then, there have been many changes and we now provide education for over 450 pupils.

The school has wonderful facilities that aid curiosity and engagement.

These range from the extensive outside environment, the onsite Nursery classrooms, school swimming pool, a Dance and Drama Studio, the Music Room and beyond.

As a school, we encourage all our families to be involved in their child's education. We know how important it is to ignite a love of learning during the children's early and primary years and we are passionate about working alongside our community in order to do so.

Together, we can prepare our learners for the world that awaits.
